Google Certified Project Manager with 2 years of experience leading enterprise cloud infrastructure, cybersecurity, and networking projects. Delivered Cloudflare implementations for Fortune 500 organizations, coordinating global engineering teams through complex technical deployments.

PROFESSIONAL EXPERIENCE

Adapture

SERVICE DELIVERY MANAGER

Atlanta, GA

- Primary point of contact for Cloudflare Managed Services, overseeing service delivery, operational planning, and client relationships for 12 enterprise organizations, including Harley-Davidson, Carter's, RaceTrac, SharkNinja, GPC, and DirecTV.
- Partnered with cloud engineering, networking, security, and SOC teams to translate complex technical requirements between executive stakeholders and engineering teams, while managing client communications, escalations, and SLA commitments.
- Led weekly operational reviews with technical stakeholders and monthly business reviews with executive leadership, reporting on KPIs, service health, security events, operational risks, project progress, and strategic initiatives to support decision-making.
- Governed ITSM processes across incidents, service requests, and change management using ServiceNow, Jira, and Smartsheet, ensuring controlled production changes, risk management, and operational stability across multiple enterprise environments.
- Coordinated enterprise cloud modernization initiatives spanning Zero Trust, SASE, API integrations, Infrastructure as Code (Terraform), CI/CD workflows, and cross-platform integrations, enabling reliable production deployments and service delivery.

PROJECT MANAGER

- Owned end-to-end delivery of enterprise Cloudflare projects, leading global cross-functional engineering teams throughout planning, execution, and production rollout across cloud security, networking, and infrastructure modernization initiatives.
- Directed the migration of 250+ properties across 50+ IKEA and INGKA Group subsidiaries from Akamai to Cloudflare, managing key dependencies, phased deployments, DNS cutovers, and operational handovers across globally distributed teams.
- Established delivery governance throughout the project lifecycle by managing execution roadmaps, RAID logs, milestone tracking, and executive reporting to proactively align project scope, timelines, risks, dependencies, and key delivery decisions.
- Directed Agile project execution through sprint planning, backlog prioritization, dependency management, change governance, and production readiness, driving predictable delivery and successful enterprise production rollouts across multiple workstreams

DataDrivenPartners

DATA ANALYST

Little Rock, AR

- Built Power BI dashboards visualizing large real estate datasets and delivering market intelligence for financial institutions.
- Cleaned, transformed, and analyzed datasets using SQL, R, and OpenRefine to ensure lending intelligence platform accuracy.
- Developed ML automation using Python and K-Means clustering, reducing manual processing in workflows by over 80%.

Sewanee DataLab

DATA SCIENCE FELLOW

Sewanee, TN

- Developed decision tree and logistic regression models using 10-fold cross-validation to support BetterFi's lending decisions.
 - Designed data quality standards, guidelines, and validation workflows using R and dplyr to improve analytical consistency.
 - Built interactive dashboards and geospatial visualizations using R, ggplot2, and Leaflet, to aid the CDFI's exploratory analysis
-

EDUCATION

Sewanee, The University of the South

Sewanee, TN

- **BS Mathematics & Economics, Minor in Philosophy**
 - **Honors:** Dean's List (All 8 Semesters), Order of the Gown, Research Grant Recipient, International Honors Scholarship
 - **Extracurricular:** President Math Club, President Chess Club, Residential Assistant, Math/CS Tutor, Barista at Sterling's Cafe
-

CORE COMPETENCIES

Executive Reporting • Cross-Functional Leadership • Stakeholder Management • Project Planning • Production Readiness • Cloudflare • AWS • Solution Architecture • Systems Integration • ITSM Administration • Data Analytics • Business Intelligence

Tools: Asana • Jira • ServiceNow • Confluence • Smartsheet • ZohoDesk • MS365 • Fathom • Generative AI (ChatGPT|Claude)
Certifications Google Project Management Professional • Cloudflare Sales Engineer • NVIDIA Technical Network & Compute
